

Codes & Standards Symposium

San Diego, CA

Wednesday - Thursday, March 28-29, 2018

SEIA's Codes & Standards Symposium is specifically designed by and for solar codes & standards professionals and their colleagues in research, design, engineering, regulatory affairs and marketing. This symposium will cover the most up-to-date, impactful issues that have the potential to drive further expansion of solar as well as those issues that have the potential to constrain solar growth and how to best address those challenges.

Wednesday, March 28th, 2017

12:00pm to 12:30pm	Check In & Networking Lunch
12:30pm to 1:30pm	<u>Solar Standards Panel</u> New UL 61730, UL 2703, UL 1741/62109, more
1:30pm to 1:40pm	<u>Day 1 Welcome</u> ISEP w/commentary SEIA co-branding
1:45pm to 2:20pm	<u>Rapid Shutdown / PV Hazard Control</u> Research, Standard Update, Code Update
2:20pm to 2:50 pm	<u>Advanced Technology Inverters</u> Technical and policy update
2:50pm to 3:10pm	Networking Break
3:10pm to 4:00pm	<u>2019 CEC Building Energy Efficiency Standards</u> Review of the prescriptive PV requirement on all new residential construction starting Jan. 1, 2020; compliance method allowance for energy storage; Appendices JA11 and JA12
4:00pm to 4:25pm	<u>Energy Storage System Fire Characterization and Related Technical developments</u>
4:25pm to 4:45pm	<u>NIST Submeter Standard and the California Solar Market</u>
4:45pm to 5:00pm	Day 1 Wrap Up

Thursday, March 29th, 2017

8:00am to 8:30am	Check In & Networking Breakfast
8:30am to 9:15am	<u>Solar Thermal Panel</u>
9:15am to 9:30am	<u>Day 2 Welcome</u>
9:30am to 10:00am	<u>Outcomes from NEC CMP4 Meeting</u>

10:00am to 10:30 am	<u>SEAOC Wind Design Manual</u>
10:35am to 11:30am	<u>ASCE Structural Requirements and the ICC Codes</u> What has passed from ASCE into the code and how to we fix it
11:35am to 12:40pm	<u>Best Practices</u> Topics TBD; might include wire management, how to effectively analyze inspection data in order provide feedback to installers, QA WG documents
12:40pm to 1:40pm	<u>Networking Lunch</u>
1:40pm to 2:40pm	<u>Permitting Process</u> Gaps, Inefficiencies and Opportunities for Improvement
2:45pm to 3:40pm	<u>Increasing the AHJ Confidence & Acceptance</u> What can we do
3:40pm to 4:00pm	<u>Networking Break</u>
4:00pm to 4:45pm	<u>Building Future Solutions: System Safety and Performance Certification</u>
4:45pm to 5:00pm	<u>Day 2 Wrap Up</u>
